

I Need Books

By Jose

Books, books,
Go to the library.
Kids are screaming.
Computers all on
People saying,
"Shhh! Quiet!"
Pages turning,
Smelling new books and old books,
This is why people love the library.

Books

By Aidan

One red,
One blue,
One about Star Wars
One that is true

The thickness like an ocean,
The books in the library,
Oh, the books in all the nooks
Waiting to be read
By all the wiggly children.

Books, Books

By Sam

Books, Books,
What a satisfying invention.
I sit down
My eyes bolt on my book.

Books, Books,
More interesting than TV.
If it was up to me,
I'd read for hours.
I'd read about cowards,
Snakes, spies, and snow.

And, my mind will grow.

Magical and Enchanted Books

By Jaeyeong

Look!
Look in a book!
Read.
See the wolves howling.
The drums beating,
TAP, TAP, TAP.
Go into the magical book.

Go into a field of green grass,
The colored flowers,
The drizzling rain

Now, look!
Go into the booming rain
As loud as a big drum.
The wet rain smell.

Go into a river,
catch a 100 foot fish.
Books
Magical and enchanted.
